REV. SOUTHAIR GIVES ADDRESS ON WM. TINDALE

Capacity Audience Hears
Speech on Man Who Translated
Bible into English.

MISS EVA TURNER IS CONGRATULATED

Canadian Bible Society Sponsors
Meeting in First Baptist
Church—Work Surveyed.

A capacity audience heard the Rev. William J. Southair, D.D., pastor of the First Baptist Church, when he spoke at a meeting held at the First Baptist Church last night. The proceedings, the celebration of the 40th anniversary of the first translation and publication of the Bible into English, were presided over by the Rev. C. W. Brown, D.D., of McEwen's Church, and the Rev. A. B. Lewis, D.D., now pastor of the First Baptist Church, and in introduction by the president of the Bible Society, Mr. H. Stene and a number of the members of the society. Miss Turner, the gold medal winner in the young women's contest, was introduced by the president of the Bible Society, Mr. H. Stene and a number of the members of the society. Miss Turner, the gold medal winner in the young women's contest, was introduced by the president of the Bible Society, Mr. H. Stene and a number of the members of the society.

Mr. Southair in his introduction to the audience, said that the Bible was the most important book in the world, and that it was the duty of every Christian to read it and to live by its precepts. He then read a portion of the Bible, and then spoke of the work of the Bible Society in Canada. He said that the Bible Society had been working for many years to make the Bible available to every Canadian, and that it was the duty of every Canadian to support the work of the Bible Society.

Speaking of "God's heroic people," he said that the Bible was the story of God's love for His people, and that it was the duty of every Christian to love God and to love his neighbor. He then read a portion of the Bible, and then spoke of the work of the Bible Society in Canada. He said that the Bible Society had been working for many years to make the Bible available to every Canadian, and that it was the duty of every Canadian to support the work of the Bible Society.

It is claimed for Tindale, said Mr. Southair, "that he was the first to translate the New Testament from the original sources and to publish it in English." He said that the Bible Society had been working for many years to make the Bible available to every Canadian, and that it was the duty of every Canadian to support the work of the Bible Society.

His Lyingness. Coming to the upholding of the Bible, Mr. Southair spoke of the importance of the Bible in the life of every Christian. He said that the Bible was the story of God's love for His people, and that it was the duty of every Christian to love God and to love his neighbor.

Read for Benefit of Police,
is Contention.

LOS ANGELES, Calif., Feb. 5.—Alma Thompson, seven years old, who recently admitted to poisoning her mother with a series of "confessions" in the Los Angeles Herald-Examiner, today said she had no recollection of the crime, and that the police were mistaken in their charges.

Alma will be placed in a home and the police will be asked to forget her and her confessions. She said that she had no recollection of the crime, and that the police were mistaken in their charges.

URGENT AT QUEBEC CONVENTION

MONTREAL, Feb. 5.—At the concluding session of the United Farmers of Quebec convention here today, the Rev. J. H. Morgan, secretary of the United Farmers of Ontario, suggested in an address that it is high time agricultural producers in Canada should take advantage of their provincial organizations to merge into one solid body.

representative of Canada from coast to coast. Mr. Morgan, he said, were habitual back-benchers, but there was no reason why they should be. They alone held the wealth of their industry, yet they employed the farmer for money and purpose. Co-operative action, he said, was the only way to save the farmer from the hands of the middlemen.

J. W. Ward of Winnipeg, secretary of the United Farmers of Manitoba, also emphasized the necessity for co-operation. He said that the farmer was the backbone of the country, and that it was the duty of every Canadian to support the work of the farmer.

MERELY TOOK PLACE OF TWIN: CONVICTED ON BIGAMY CHARGE

CAMDEN, N.J., Feb. 5.—Although he offered the defence that his "twin brother" had married the woman whom the prosecution contended was his first wife, J. H. Morgan, Philadelphia, was convicted today of bigamy and carrying concealed weapons, before Judge Shay, in the Camden district court.

Miss Betty Williams, of Philadelphia, testified that Morgan was the husband of Mrs. Morgan number one, who had been a nurse in her family.

Morgan contended that his "twin brother," after marrying Mrs. Morgan number one, died, and that he merely took the brother's place in the household without apprising his sister-in-law of the real situation.

Morgan stated he had a lapse of memory and that he "woke up" in New York.

More Opportunity On Farms for Boys Than in the Cities

TORONTO, Ont., Feb. 5.—The old idea of sending the bright boys away from the farm and keeping the "dumb-bells" at home was all wrong, declared Dr. David Jamieson, M.L.A., chairman of the special committee of the Ontario legislature studying agricultural conditions in Ontario, during an address to the Ontario Association of Farmers and Exhibitors' convention here today.

Dr. Jamieson was not alarmed particularly about rural depopulation. "If the boy stays on the farm and maintains the cities with new blood, and it is simply another manifestation of the roving disposition of the Anglo-Saxon."

He said that the boy who stays on the farm and maintains the cities with new blood, and it is simply another manifestation of the roving disposition of the Anglo-Saxon.

Government Control of Ocean Rates Stressed

SENATE REFORM, RAILWAY CONSTRUCTION
IN PEACE RIVER DISTRICT, AND AMENDMENTS
TO GRAIN ACT ARE AMONG OTHER
PROPOSED MEASURES

OTTAWA, Ont., Feb. 5.—The last gun of the royal salute has been fired, and another parliamentary session is under way. The king's will has been made known by his communique through the government before parliament is asked to consent to detail an amendment to the constitution of Canada "with respect to the constitution and powers" of the upper house.

In brief, the speech from the throne indicates that the government intends to ask parliament to legislate to give:

1. Equalization of freight rates between provinces and localities.

2. Government control of ocean freight rates.

3. Improvement in equipment of ports on both coasts, on the St. Lawrence River.

4. Continuation and settlement (which implies railroad construction) of the Peace River district.

5. An act to amend the Grain Act.

Proponents already made by the government of the amendment to the constitution of Canada "with respect to the constitution and powers" of the upper house.

WHEAT BOARD IS SUGGESTED

Proposal Submitted to British Food Commission Meets Opposition.

LONDON, Feb. 5.—(By Canadian Press Cable)—A lengthy argument has been submitted to the British Food Commission, suggesting the formation of a wheat board, which would control the marketing of wheat in the United Kingdom.

"That body having the power to give patronage now to the part of the empire and now to that, and being responsible to the government in connection with other countries and the system would be in the hands of the government, which would be able to care all that, you will have to take over the universal power," said Sir H. H. Kinnaird.

Mr. Kinnaird stated that this was an extraordinary doctrine from a man who had devoted years to the support of imperial preference as the best means of development of the empire.
